Leslie

I would like to trade review priority for the Kiewit Project M045/0078 and Cactus Amendment M045/0049 and a first round draft pick in 2012.--

Anyway Kiewit would be review first.

Have requested the Private and BLM lands be acknowledged as separate so as to allow pad construction and mining of Clifton ores to not be held up by the BLM NEPA process which will linger well past approval of the Kiewit Mine Plan (for both the State and BLM). Again we are will to post the full bond but not disturb BLM ground until the BLM completes the process.

Also have requested we meet after your review to hammer out clerical issues which remain and satisfy with closing letter if possible -----or Oren Gatton has the capacity to clean up clerical issues within 24 hours if necessary.

Supplemental Cultural Resource review will be completed as soon as the snow leaves--
